Changing rooms and pool

The green pool building is a short walk from the car park (as shown in the previous diagram). Our supervisor will be by the main entrance door to meet you and direct you to the changing rooms which are located off the main corridor. Please note that access to the pool is through the changing rooms only and you will have to cross the footbath.

Disabled Changing facilities

There are currently no disabled changing facilities or access to the pool complex at present. If you are bringing a pushchair, please note that there are steps leading into the building.

Access to poolside

Please can all swimmers shower before entering the poolside. Parents, spectators and swimmers should exit the changing rooms and cross the footbath to access the poolside. You are unable to gain entry to the pool via any other route or through the main lobby door.

Layout on poolside

At this site there are 4 lanes. The Supervisor will introduce you to the Instructor and show you to your lesson area. The Supervisor is on poolside to assist teachers where necessary, but also to help parents with any queries.

Watching the lessons

There is seating all around the poolside, behind the darker tile line, to watch the lessons. Due to the number of swimmers if swimmers could keep spectators to a maximum of 1 that will enable there to be enough seating for everyone on poolside.
